

Copy for Mr. Allen Dulles

STAT

MEMORANDUM

TO:

FROM:

I quote below a paragraph from a personal

letter I have just received from

dated January 30th, 1952.

which I think will interest you because it is very encouraging:

"I have been following the work of your society, and am sure that much good will come of it. I wonder if you know that it is one of the few undertakings in the United States which seems really to have found a sympathetic and uncynical response on the part of our Arab friends."
